**EUROPEAN FEDERATION
FOR LIVING**

We look forward to meeting you in Italy !

Eric Danesse, Vilogia, Topic Group leader

Uwe Staffler, Casa Clima/ Klimahaus

Joost Nieuwenhuijzen, EFL

Please the attent the first on site meeting of EFL in 2022 !

We are very happy to offer you a great and varied programme of the topic group Construction. On the first day we will visit the spectacular and world renowned building '**Bosco Verticale in Milano**'. This will be a guided tour where you will learn about the sustainable and architectural highlights of this building and the surrounding area, Porta Nova.

On the second and third day we will be in **Bolzano**, the capital of the Dolomites. With a background of 3000 m mountains, this city is proud to be one of the 'Climate Municipalities' in Europe. We will interact and learn about sustainable building and construction, visit the new area 'Casa Nova' in Bolzano Sud and have an 'aperitivo' in a very special winery of the City of Bolzano, located in a Casa Clima certified building. Next to interesting exchanges, we will also take care for high quality Italian food. This 3 day meeting will include 2 site visits. Transport between Milano and Bolzano will either take place via train, or alternatively by bus (depending on the numbers).

An early booking of your accommodation is essential. We pre-booked a number of rooms for a very accessible price of €130 per night inc breakfast. This will be the four star **Sheraton Hotel Four Points**.

Meeting Venue

7 & 8 April: Agenzia CasaClima / KlimaHaus

Via Alessandro Volta 13 A

Bolzano, Italy

Transport to Milano

Airports: Milano Linate, Milano Malpensa, Milano Orio al Serio (Bergamo)

Via Alessandro Volta 13 A

Practical Information

- Covid: for entering Italy you need a proof of certification of your vaccination on your cell phone (QR code). In Italy this is known as the 'Green Pass'. In public transport and inner rooms, a mask is required.
- Depending on the number of attendees in Milano, we might hire a bus to bring us to Bolzano.
For number below 10 attendees in Milano, we will take the train, with one change at Verona.
- People can choose from:
 - Attending the entire programme (Milano and Bolzano)
 - Just attend the Bolzano meeting. In that case it is recommended not to travel to an airport in Milano, but directly to an airport closer to Milano.
- People who intend their stay in Italy there are several touristic options:
 - Skiing is still possible around Bolzano. Ski enthusiasts can rent the equipment.
 - Visiting the city of Bolzano, Trento, Verona or Venice. All cities can be reached by train conveniently.

Registration
